OFFICE OF THE SUPERINTENDENT, GOVERNMENT STATIONERY DEPOT, BANGALORE.

SUBJECT—Regarding the report of shortages of stationery by receiving officers immediately on receipt of the supplies from the Stationery Depot.

Circular No. S. 3153, *dated* 15*th May* 1933.

To—

All officers obtaining supplies of stationery articles and papers from the Government Stationery Depot, Bangalore.

The undersigned desires to bring to the notice of all officers entitled to the supply of stationery articles and papers from the Stationery Depot that all stationery articles and papers despatched to the several offices are carefully counted in the Stationery Depot and thoroughly checked twice before being packed. Cash security of Rs. 100 is furnished by each of the packers and the packing is carried out under the personal supervision of the Supervisor who has also furnished a substantial security of Rs. 1,000. In addition to these efficient checks and counter-checks, all cases of shortages reported by receiving officers after observing the conditions prescribed in the Stationery Rules are promptly investigated and the shortages made good if such reports are found reasonable. It is, however, observed that in several cases reports about shortages are made after considerable delay and long after the receipt of the consignments in the receiving offices when no useful purpose can be served by any enquiries made by this office. The attention of all receiving officers is therefore invited to Rules 21 and 22 of the Rules for the supply of Stationery articles and Forms appended to Government Order No. G. 201-60—P. & S. 1-31-1, dated 8th July 1931 (reproduced below for facility of reference), which lay down that the packages of stationery should be opened immediately on arrival and the contents verified with the invoice in the presence of the receiving officer and the invoice returned to this office immediately duly receipted. If any shortages are noticed, a detailed report may be kindly furnished noting the names of the missing articles, the condition in which the consignment was received, and whether the packing was intact or showed signs of having been tampered with. Such reports can be admitted only if made within a week after the receipt of the consignments in the receiving office. All such cases will be promptly investigated and if the complaint is proved to be well-founded, the shortages will be made good by the Stationery Depot. In cases in which the shortages are reported later than a week after the receipt of supplies, no useful action can be taken by this office and the Stationery Depot cannot undertake any responsibility for the alleged shortages.

B. PUTTAIYA,
Superintendent of Stationery.

RULES FOR THE SUPPLY OF STATIONERY ARTICLES AND FORMS.

* * * *

Rule 21. On arrival of the supplies, the receiving officers shall have the packages placed in a dry and properly-protected place. They shall then be opened at once and the contents verified with the invoice in the presence of the receiving officer or of some one appointed by him, who shall certify to the fact at the foot of the receipt. The receipt shall then be signed and *immediately* transmitted to the Superintendent of Stationery with details of any missing articles. The transmission of the receipt must not be delayed pending reference to the Stationery Depot regarding the short or excess delivery which should form the subject of separate correspondence.

Rule 22. In the unavoidable absence of the Head of the Office, the packages shall be opened by the Sheristedar, Manager or Head Clerk and the certificate shall be signed by the officer who supervises the opening of the packages and countersigned by the Head of the Office.

3. Tenders of defaulters on account of previous leases and those not in accordance with Rule (4) will be summarily rejected.

4. Each tender must be accompanied by a certificate from the Amildar of the Taluk in which he resides in the form prescribed by Government, in regard to his solvency and its extent, or an exchange certificate provided in clause 7, and also a sum of Rs. 200 in currency Notes as earnest money. This exchange certificate shall be delivered to the officer conducting the sale, in cases the party named therein happens to be the successful tenderer, obtaining in lieu thereof, if he wishes, a fresh exchange certificate for his use. The exchange certificate will contain all the particulars found in the Amildar's certificate with the details of purchases made in the sales of other Divisions as well as in the one in which the exchange certificate is sought for. In default, the acceptance of the tender will be cancelled, the earnest money forfeited, and the right resold. Such resale will be at the risk of the defaulting tenderer who will be liable to make good any loss that may result to Government thereby, but will have no claim to any surplus accruing therefrom. Such loss shall be recoverable as an arrear of land revenue.

10. If the sale is not confirmed by the authority concerned, all moneys paid will be refunded to the party.

11. The successful tenderer shall execute an agreement with one or more sureties to the satisfaction of the District Forest Officer on a stamped paper of the value of ten annas procured at his own cost, and also furnish a security deposit of Rs. 500 or one-quarter of the sale amount, whichever is less, for the due fulfilment of the conditions of the contract in the shape of Government Savings Bank Deposit. He shall have no claim to any surplus accruing from such resale, but shall be liable for the loss arising therefrom which will be recovered as an arrear of land revenue under section 79 of the Mysore Forest Regulation.

12. The balance of the sale amount shall be paid in three equal instalments at intervals of four months as follows :—

1st instalment	on or before		1st November 1933.
2nd	do	do	1st March 1934.
3rd	do	do	1st July 1934.

In default to pay the instalments on the due date, his contract shall be cancelled and the right resold, the defaulter being liable for any deficit in the amount due to Government, less the amount already paid. He shall have no claim on the surplus accruing from such resale, but shall be liable to the loss arising therefrom which shall be recovered as an arrear of land revenue, under section 79 of the Mysore Forest Regulation, or any other law for the time being in force. Interest at 9 per cent per annum will be charged on all arrears of lease amount permitted to be paid after the due date but before the resales.

(*d*) The barked wood shall be the property of the lessee.

(*e*) The coolies employed by the lessee must take permits from the Range Officers when they enter State Forests.

(*f*) The lessee shall keep accounts showing the quantity of the bark collected and removed in accordance with the lease and to permit the inspection of such accounts by any Forest Officer of and above the rank of a Ranger having jurisdiction within the area referred to in the lease, and officers of the Revenue and Police Departments of and above the rank of an Amildar or Police Inspector, respectively.

(*g*) The lessee shall render every month to the District Forest Officer an account of the number of cart-loads of Tangadi and Kakke barks collected and carted during the month.

(*h*) The lessee shall provide printed licenses and passes in triplicate for the collection and for the export of the bark under his signature. In the latter case, each cart-load must be covered by a pass. These licenses and passes which will be in books shall be obtained from the Range Forest Officer and will have a seal of the District Forest Officer, impressed. The duplicate copies will be submitted to the Range Forest Officer on the day on which the license or pass is issued. When the books are completed, the counterfoils should be returned to the District Forest Officer through the Range Officer and fresh supply obtained.

N.B.—Forest forms 84 and 85 shall be used.

(*i*) The lessee or sub-lessee, his agents or maistries and servants shall be held responsible for any fires caused by negligence either by themselves or by their workmen and shall prevent the occurrence of fires in the forests in which they may be working, and render prompt assistance in extinguishing such fires as may break out accidentally.

(*j*) They will also be liable under the Forest Regulation, irrespective of any action that may be taken under the contract. They shall remove out of the limits of the District before the 31st July 1935, all bark collected and stored under the terms of this lease.

(*k*) Neither the lessee nor sub-lessee nor his employees shall enter the State Forest either before sunrise or after sunset.

(*l*) No collection of the bark will be permitted in the State Forests, during the fire season, *i.e.*, from the 15th February to end of April of each year.

(*m*) The lessee or sub-lessee shall not interfere with the recognised rights of Inamdars.

(*n*) The lessee or sub-leesee shall hold himself responsible for the acts of his agents or servants in the business of collection and transport.

13. In the event of breach of any of these conditions, the lease will be cancelled or the security amount forfeited in whole or in part, or both these penalties will be enforced at the discretion of the Conservator of Forests. In the case of mere forfeiture of the security deposit amount, the difference will be made good immediately by the contractor, and in the case of the cancellation of the lease, the right will be resold, the lessee not being entitled to moneys already paid by him or for the subsequent excess realisations by resale, the deficit if any, that may result from such resale being recovered from him as an arrear of land revenue.

In cases of resales for default of payment of value where no bidders are forthcoming, it will be open to the District Forest Officer to fix such price as may appear to him to be reasonable and to proceed for the recovery from the defaulter, of the balance if any, after deducting the price so fixed from the original sale amount. A registered notice should be issued to the defaulter intimating the price fixed by the District Forest Officer for the unsold wood and the amount still due from him which will be recovered as arrears of land revenue.

6. The deposits tendered by the unsuccessful bidders shall be returned immediately after the sales are concluded, those of successful bidders being lodged in the Savings Bank as security deposit.

7. The full value of all timber purchased shall be paid for within 30 days after the date of sale or within 15 days after the date of the notice of confirmation of the sale, whichever is later. The money shall be paid into such treasury as the District Forest Officer may direct within the time specified.

8. If the amount is not fully paid for by the purchaser before the dates fixed above, the initial deposit as well as the other moneys already paid in shall be forfeited to Government and all or any portion of the timber not fully paid for shall be resold at the risk of the purchaser in the manner prescribed for default of payment of one-tenth value in clause 5 *supra*.

9. No timber lot shall be permitted to be removed by the purchaser unless it has been paid for in full, calculated at the rates at which the timber is knocked down to him at the time of sale, excluding the 10 per cent deposit paid for the lot at the time of the sale and no timber shall be removed from the depot unless a permit is obtained from the Forest Officer in charge of the depot. The earnest money will not be adjusted towards the value of timber until 90 per cent of the purchase money over and above the security deposit

11. If the timber is not removed within the time allowed, the same may, after ten days' notice to the purchaser, be sold in public auction and the proceeds will be given to the purchaser after defraying all the expenses in connection with the resale.

12. The deposit of Rs. 200 will remain as security for the due fulfilment of all and every one of the terms of sale, on the breach of any of which by the purchaser, the District Forest Officer shall be entitled to forfeit the deposit in whole or in part and in the event of such forfeiture, the sum so forfeited shall be immediately made good by the purchaser so long as the transaction is not finally closed. Conditions.

1. Each bidder shall place a deposit of Rs. 200 with the officer conducting the sale. But defaulters to the department will not be allowed to bid at the sales.

In the case of purchasers of timber not exceeding Rs. 200 in value, this deposit will not be insisted upon provided that the full purchase money is paid in cash on the spot.

2. Any person bidding at the sale may be required by the officer conducting the sale to state whether he is bidding on his own behalf or as an agent, and in the latter case, to produce a written authority duly signed by the principal.

3. The highest bidder shall ordinarily be the purchaser, but the officer conducting the sale can reject any bid or stop the sale at any stage without assigning any reason to the intending purchasers.

4. Immediately after the lot is knocked down to him, the successful bidder shall sign his name opposite the number and specification of the lot bought by him in a book provided for the purpose. Such signature shall be held as admission on his part of having bought such lot and of having accepted the terms of the sale as herein specified. The sale is subject to the confirmation of the Conservator of Forests if the amount exceeds Rs. 1,000.

5. After conclusion of the sale, each purchaser shall pay 10 per cent of the amount in cash to the officer conducting the sale and obtain in return from him a receipt vouching for the payment of the one-tenth value as well as the initial deposit of Rs. 200. Should any purchaser fail to comply with this rule, the intitial deposit of Rs. 200 shall at once be forfeited to Government and the officer conducting the sale shall be at liberty to resell the timber purchased by such defaulter who shall be required to make good any loss, but shall not participate in any profit from such resale. The amount due by such defaulter, on account of loss from resale, shall be recovered from him as a revenue demand under section 79 of the Mysore Forest Regulation. In calculating such losses, the initial deposit forfeited to Government shall not be taken into account.

In cases of resales for default of payment of value where no bidders are forthcoming, it will be open to the District Forest Officer to fix such price as may appear to him to be reasonable and to proceed for the recovery from the defaulter of the balance, if any, after deducting the price so fixed from the original sale amount. A registered notice should be issued to the defaulter intimating the price fixed by the District Forest Officer for the unsold wood and the amount still due from him which will be recovered as arrears of land revenue.

6. The deposits tendered by the unsuccessful bidders shall be returned immediately after the sales are concluded, those of successful bidders being lodged in the Savings Bank as security deposit.

7. The full value of all timber purchased shall be paid for within 30 days after the date of sale or within 15 days after the date of the notice of confirmation of the sale whichever is later. In case of purchasers of above Rs. 1,000 in value, the purchaser shall be permitted to pay up the balance in instalments of not less than Rs. 1,000 provided the full value is paid not later than the 15th May 1934. The money shall be paid into such treasury as the District Forest Officer may direct within the time specified.

8. If the amount is not fully paid for by the purchaser before the dates fixed above, the initial deposit as well as the other moneys already paid in shall be forfeited to Government and all or any portion of the timber not fully paid for shall be resold at the risk of the purchaser in the manner prescribed for default of payment of one-tenth value in clause 5 *supra*.

9. No timber lot shall be permitted to be removed by the purchaser unless it has been paid for in full, calculated at the rates at which the timber is knocked down to him at the time of sale, including the 10 per cent deposit paid for the lot at the time of the sale and no timber shall be removed from the depot unless a permit is obtained from the Forest Officer in charge of the depot. The earnest money will not be adjusted towards the value of timber until 90 per cent of the purchase money over and above the security deposit has been paid.

10. Timber purchased should be removed as early as possible, and in no case should it be allowed to remain longer than 90 days after 15th May 1934. Timber not removed after purchase will remain in the depot at the risk of the purchaser from the date of the confirmation of the sale.

11. If the timber is not removed within the time allowed, the same may, after ten days' notice to the purchaser, be sold in public auction and the proceeds will be given to the purchaser after defraying all the expenses in connection with the resale.

12. The deposit of Rs. 200 will remain as security for the due fulfilment of all and every one of the terms of sale, for the breach of any of which by the purchaser, the District Forest Officer shall be entitled to forfeit the deposit in whole or in part and in the event of such forfeiture, the sum so forfeited shall be immediately made good by the purchaser so long as the transaction is not finally closed. The security deposit or the balance thereof, if any, shall be returned to the purchaser after the full value of timber purchased has been paid for and the timber fully removed.
